

# Procvičování: Zkratky na lékařských předpisech/zdroj

```
<textcards>
  <cardset>
    <card>
      <question>aa</question>
      <answer>ana partes aequales – po stejných částech, stejným dílem</answer>
    </card>
    <card>
      <question>abs.</question>
      <answer>absolutus – absolutní</answer>
    </card>
    <card>
      <question>absorb.</question>
      <answer>absorbens – absorbující, absorpční</answer>
    </card>
    <card>
      <question>a. c.</question>
      <answer>ante cibum – před jídlem</answer>
    </card>
    <card>
      <question>a. d.</question>
      <answer>aqua destilata – destilovaná voda</answer>
    </card>
    <card>
      <question>a. m.</question>
      <answer>ante remedium – před polednem</answer>
    </card>
    <card>
      <question>ac., acid.</question>
      <answer>acidum, acidus – kyselina, kyselý</answer>
    </card>
    <card>
      <question>acet.</question>
      <answer>acetum – ocet</answer>
    </card>
    <card>
      <question>acid.</question>
      <answer>acidum, acidus – kyselina, kyselý</answer>
    </card>
    <card>
      <question>ad</question>
      <answer>ad – k</answer>
    </card>
    <card>
      <question>ad baln.</question>
      <answer>ad balneum – ke koupeli</answer>
    </card>
    <card>
      <question>ad.</question>
      <answer>adde, addatur, addantur – přidej, ať je přidáno, ať jsou přidány</answer>
    </card>
    <card>
      <question>ad. gutt.</question>
      <answer>adde guttatorium – přidej kapátko</answer>
    </card>
    <card>
      <question>ad. gutt. steril. in caps.</question>
      <answer>adde guttatorium sterile in capsula – přidej sterilní kapátko v obalu</answer>
    </card>
    <card>
      <question>ad. bac. vitr.</question>
      <answer>adde bacillum vitreum – přidej skleněnou tyčinku</answer>
    </card>
    <card>
      <question>ad. penic.</question>
      <answer>adde penicillum – přidej štěteček</answer>
    </card>
    <card>
      <question>ad. vitr. pro baln.</question>
      <answer>adde vitrum pro balneo – přidej vaničku</answer>
    </card>
    <card>
      <question>add.</question>
      <answer>adde, addatur, addantur – přidej, budiž přidán, buďtež přidány</answer>
    </card>
    <card>
      <question>ad amp.</question>
      <answer>ad ampullas – do ampulek</answer>
    </card>
    <card>
      <question>ad baln.</question>
      <answer>ad balneum – ke koupeli, do koupele</answer>
    </card>
    <card>
      <question>ad caps., cps.</question>
      <answer>ad capsulas – do tobolek, do kapslí</answer>
    </card>
    <card>
      <question>ad caps. amyl.</question>
      <answer>ad capsulas amylacelas – do škrobových tobolek (oplatek)</answer>
    </card>
```

```
<card>
  <question>ad caps. gelat.</question>
  <answer>ad capsulas gelatinosas – do želatinových tobolek</answer>
</card>
<card>
  <question>ad caps. kerat.</question>
  <answer>ad capsulas keratinosas – do rohovinových tobolek</answer>
</card>
<card>
  <question>ad diagn.</question>
  <answer>ad diagnosim – k diagnostickým účelům</answer>
</card>
<card>
  <question>ad caps. glutoid.</question>
  <answer>ad capsulas glutoidales – do tob. tvrzených formalínem</answer>
</card>
<card>
  <question>ad fict.</question>
  <answer>ad fictile – do kelímku</answer>
</card>
<card>
  <question>ad chart.</question>
  <answer>ad chartas – do papírových sáčků</answer>
</card>
<card>
  <question>ad chart. cer.</question>
  <answer>ad chartas ceratas – do sáčků z vosk. papíru</answer>
</card>
<card>
  <question>ad chart. cer. seu paraff.</question>
  <answer>ad chartas ceratas seu paraffinatas – do sáčků vosk. nebo parafinových</answer>
</card>
<card>

  <answer>ad manus medici – k rukám lékaře</answer>
</card>
<card>
  <question>ad neb.</question>
  <answer>ad nebulas – do škrob. tobolek (oplatek)</answer>
</card>
<card>
  <question>ad oll.</question>
  <answer>ad ollam – do kelímku</answer>
</card>
<card>
  <question>ad oll. alb.</question>
  <answer>ad ollam albam – do bílého kelímku</answer>
</card>
<card>
  <question>ad oll. sterilis.</question>
  <answer>ad ollam sterilisatam – do sterilizovaného kelímku</answer>
</card>
<card>
  <question>ad oll. paraff.</question>
  <answer>ad ollam paraffinatum – do parafinového kelímku</answer>
</card>
<card>
  <question>ad oll. tect.</question>
  <answer>ad ollam tectam – do krytého kelímku</answer>
</card>
<card>
  <question>ad oll. epist. vitr. claus.</question>
  <answer>ad ollam epistomato video clausam – do kelímku uzavřeného skleněnou zátkou</answer>
</card>
<card>
  <question>ad sac.</question>
  <answer>ad sacculum – do sáčku</answer>
</card>
<card>
  <question>ad sac. pap., papyr.</question>
  <answer>ad sacculum papyraceum – do papírového sáčku</answer>
</card>
<card>
  <question>ad scat.</question>
  <answer>ad scatulam – do krabičky</answer>
</card>
<card>
  <question>adsp.</question>
  <answer>adspersorius – zasypací</answer>
</card>
<card>
  <question>ad us. ext.</question>
  <answer>ad usum externum – k zevnímu upotřebení</answer>
</card>
<card>
  <question>ad us. int.</question>
  <answer>ad usum internum – k vnitřnímu použití</answer>
</card>
<card>
```

<question>ad us. meum</question>  
<answer>ad usum meum – k mému použití</answer>  
</card>  
<card>  
<question>ad us. med.</question>  
<answer>ad usum medici – k použití lékaře</answer>  
</card>  
<card>  
<question>ad us. prop(r).</question>  
<answer>ad usum proprium – k vlastnímu použití</answer>  
</card>  
<card>  
<question>ad us. techn.</question>  
<answer>ad usum technicum – k technickému použití</answer>  
</card>  
<card>  
<question>ad us. vet.</question>  
<answer>ad usum veterinarium – pro veterinární potřebu</answer>  
</card>  
<card>  
<question>ad vitr.</question>  
<answer>ad vitrum – do lahvičky</answer>  
</card>  
<card>  
<question>ad vitr. adl.</question>  
<answer>ad vitrum adlatum – do přinesené lahve</answer>  
</card>  
<card>  
<question>ad vitr. alb.</question>  
<answer>ad vitrum album – do bílé lahvičky</answer>  
</card>  
<card>  
<question>ad vitr. ampl.</question>  
<answer>ad vitrum amplum – do širokohrdlé lahvičky</answer>  
</card>  
<card>  
<question>ad vitr. caerul.</question>  
<answer>ad vitrum caeruleum – do modré lahvičky</answer>  
</card>  
<card>  
<question>ad vitr. col. ampl.</question>  
<answer>ad vitrum collo amplo – do širokohrdlé lahvičky</answer>  
</card>  
<card>  
<question>ad vitr. extern.</question>  
<answer>ad vitrum externum – do lahvičky na lék k zevnímu použití</answer>  
</card>  
<card>  
<question>ad vitr. flav.</question>  
<answer>ad vitrum flavum – do žluté lahvičky</answer>  
</card>  
<card>  
<question>ad vitr. fusc.</question>  
<answer>ad vitrum fuscum – do hnědé lahvičky</answer>  
</card>  
<card>  
<question>ad vitr. gutt.</question>  
<answer>ad vitrum guttatum – do kapací lahvičky</answer>  
</card>  
<card>  
<question>ad vitr. nigr.</question>  
<answer>ad vitrum nigrum – do černé lahvičky</answer>  
</card>  
<card>  
<question>ad vitr. nov.</question>  
<answer>ad vitrum novum – do nové lahvičky</answer>  
</card>  
<card>  
<question>ad vitr. operc.</question>  
<answer>ad vitrum operculatum – do lahvičky širokohrdlé kryté zátkou</answer>  
</card>  
<card>  
<question>ad vitr. simpl.</question>  
<answer>ad vitrum simplex – do obyčejné lahvičky</answer>  
</card>  
<card>  
<question>ad vitr. tect.</question>  
<answer>ad vitrum tectum – do lahvičky kryté zátkou</answer>  
</card>  
<card>  
<question>adiust. ad oll.</question>  
<answer>adiusta ad ollam – uprav v kelímku</answer>  
</card>  
<card>  
<question>amp.</question>  
<answer>ampulla – ampulka</answer>  
</card>  
<card>  
<question>anhydr.</question>  
<answer>anhydricus – bezvodý</answer>  
</card>  
<card>  
<question>aq.</question>  
<answer>aqua – voda</answer>  
</card>  
<card>  
<question>aq. dest.</question>  
<answer>aqua destillata – destilovaná voda</answer>  
</card>  
<card>  
<question>aq. opth.</question>

<answer>aqua ophthalmica – oční voda</answer>  
</card>  
<card>  
<question>aq. redest.</question>  
<answer>aqua redestillata – opakovaně destilovaná voda (redestilovaná voda)</answer>  
</card>  
<card>  
<question>aq. steril.</question>  
<answer>aqua sterilisata – sterilizovaná voda</answer>  
</card>  
<card>  
<question>aquos.</question>  
<answer>aquosus – vodný</answer>  
</card>  
<card>  
<question>arom.</question>  
<answer>aromaticus – aromatický (vonný)</answer>  
</card>  
<card>  
<question>b. a.</question>  
<answer>balneum arenae – písková lázeň</answer>  
</card>  
<card>  
<question>bac.</question>  
<answer>bacilli, bacillus – tyčinky, tyčinka</answer>  
</card>  
<card>  
<question>bals.</question>  
<answer>balsamum – balzám</answer>  
</card>  
<card>  
<question>b. aq.</question>  
<answer>balneum aquae – vodní lázeň</answer>  
</card>  
<card>  
<question>b. d.</question>  
<answer>bis in die – dvakrát denně</answer>  
</card>  
<card>  
<question>b. i. d.</question>  
<answer>bis in die – dvakrát denně</answer>  
</card>  
<card>  
<question>bis d.</question>  
<answer>bis die – dvakrát denně</answer>  
</card>  
<card>  
<question>bis i. d.</question>  
<answer>bis in die – dvakrát denně</answer>  
</card>  
<card>  
<question>bis i. sept.</question>  
<answer>bis in septimana – dvakrát týdně</answer>  
</card>  
<card>  
<question>bol.</question>  
<answer>bolus – sousto (velká pilulka)</answer>  
</card>  
<card>  
<question>but., butyr.</question>  
<answer>butyrum – máslo</answer>  
</card>  
<card>  
<question>b. v.</question>  
<answer>balneum vaporis – parní lázeň</answer>  
</card>  
<card>  
<question>b. vap.</question>  
<answer>balneum vaporis – parní lázeň</answer>  
</card>  
<card>  
<question>c.</question>  
<answer>cum – s</answer>  
</card>  
<card>  
<question>calefact.</question>  
<answer>calefactus – zahřátý</answer>  
</card>  
<card>  
<question>calid.</question>  
<answer>calidus – teplý</answer>  
</card>  
<card>  
<question>caps.</question>  
<answer>capsula – tobolka (kapsle)</answer>  
</card>  
<card>  
<question>caps. aml.</question>  
<answer>capsula amylacela – škrobová tobolka</answer>  
</card>  
<card>  
<question>c. aq.</question>  
<answer>cum aqua – s vodou</answer>  
</card>  
<card>  
<question>catapl.</question>  
<answer>cataplasma – kašovitý obklad</answer>  
</card>  
<card>  
<question>cib.</question>  
<answer>cibus – jídlo</answer>

```
</card>
<card>
  <question>cito</question>
  <answer>cito – rychle</answer>
</card>
<card>
  <question>coch.</question>
  <answer>cochlear – lžice</answer>
</card>
<card>
  <question>cochleat.</question>
  <answer>cochleatim – po lžicích</answer>
</card>
<card>
  <question>col.</question>
  <answer>cola, colatura, colatus, coletur – sced, scezenina, scezený, ať je scezen</answer>
</card>
<card>
  <question>collod.</question>
  <answer>collodium – kolódium</answer>
</card>
<card>
  <question>colloid.</question>
  <answer>colloidalis – koloidní</answer>
</card>
<card>
  <question>collut.</question>
  <answer>collutorium – ústní voda</answer>
</card>
<card>
  <question>collyr.</question>
  <answer>collyrium – kolyrium (oční voda, oční kapky)</answer>
</card>
<card>
  <question>comp.</question>
  <answer>compositus – složený</answer>
</card>
<card>
  <question>compr.</question>
  <answer>compressus – stlačený, koprimovaný</answer>
</card>
<card>
  <question>concis.</question>
  <answer>consisus – řezaný</answer>
</card>
<card>
  <question>conc.</question>
  <answer>concentratus – koncentrovaný</answer>
</card>
<card>
  <question>concs.</question>
  <answer>concisus – řezaný</answer>
</card>
<card>
  <question>conct.</question>
  <answer>concentratus – koncentrovaný</answer>
</card>
<card>
  <question>consp.</question>
  <answer>consperge – posyp</answer>
</card>
<card>
  <question>cont.</question>
  <answer>contunde – roztlučený (rozdrčený, drcený)</answer>
</card>
<card>
  <question>coq.</question>
  <answer>coque, coquatur – vař, budiž vařen</answer>
</card>
<card>
  <question>cor.</question>
  <answer>corium – kůže</answer>
</card>
<card>
  <question>cort.</question>
  <answer>cortex – kůra</answer>
</card>
<card>
  <question>cp., cpt.</question>
  <answer>compositus – složený</answer>
</card>
<card>
  <question>cps.</question>
  <answer>capsula – tobolka (kapsle)</answer>
</card>
<card>
  <question>crd., crud.</question>
  <answer>crudus – surový (nečistý)</answer>
</card>
<card>
  <question>ct.</question>
  <answer>contusus – tlučený</answer>
</card>
<card>
  <question>cryst.</question>
  <answer>crystallisatus – krystalický</answer>
</card>
<card>
  <question>cus. cultr.</question>
  <answer>cuspis cultri – špička nože</answer>
</card>
```

<card>  
<question>d.</question>  
<answer>da, detur, dentur, divide, diviatur; dies; dosis – dej (vydej), ať je dán (vydán), ať jsou dány, rozděl, budiž rozdělen; den; dávka</answer>  
</card>  
<card>  
<question>d. c. f.</question>  
<answer>detur cum formula – budiž vydán s udáním složení</answer>  
</card>  
<card>  
<question>dct.</question>  
<answer>decoctum – odvar</answer>  
</card>  
<card>  
<question>dct. inf.</question>  
<answer>decoctum infusum – odvar s nálevem</answer>  
</card>  
<card>  
<question>deglut.</question>  
<answer>degliatur – budiž polknut (budiž polykán)</answer>  
</card>  
<card>  
<question>den.</question>  
<answer>denaturus – denaturovaný</answer>  
</card>  
<card>  
<question>denat.</question>  
<answer>denaturus – denaturovaný</answer>  
</card>  
<card>  
<question>dent., dental.</question>  
<answer>dentalis – zubní, dentální</answer>  
</card>  
<card>  
<question>dent. tal. dos.</question>  
<answer>dentur tales doses – budiž dáno takových dávek</answer>  
</card>  
<card>  
<question>dep.</question>  
<answer>depuratus – čištěný</answer>  
</card>  
<card>  
<question>depil.</question>  
<answer>depilatorium – k depilaci (k odstranění chlupů)</answer>  
</card>  
<card>  
<question>dest.</question>  
<answer>destillatus – destilovaný</answer>  
</card>  
<card>  
<question>det.</question>  
<answer>detur – budiž dán (budiž vydán)</answer>  
</card>  
<card>  
<question>det. at chart.</question>  
<answer>detur chartam ceratam – budiž dáno do sáčku z voskovaného papíru</answer>  
</card>  
<card>  
<question>det. at oll.</question>  
<answer>detur ad ollam – budiž dán do kelímku</answer>  
</card>  
<card>  
<question>det. at scat.</question>  
<answer>detur ad scatulam – budiž dán do krabičky</answer>  
</card>  
<card>  
<question>det. at vitr.</question>  
<answer>detur ad vitrum – budiž dán do lahve</answer>  
</card>  
<card>  
<question>dilut.</question>  
<answer>dilutus – zředěný</answer>  
</card>  
<card>  
<question>d. in dplo.</question>  
<answer>detur in duplo – budiž vydán dvojnásobek (dvojmo)</answer>  
</card>  
<card>  
<question>d. in p. aeq.</question>  
<answer>divide in partes aequales – rozděl na stejné části (rovným dílem)</answer>  
</card>  
<card>  
<question>disp.</question>  
<answer>dispensa, dispensetur – rozděl (vydej), budiž rozdělen (budiž vydán)</answer>  
</card>  
<card>  
<question>div.</question>  
<answer>divide, dividetur – rozděl, budiž rozdělen</answer>  
</card>  
<card>  
<question>div. in d.</question>  
<answer>divide in doses – rozděl na dávky</answer>  
</card>  
<card>  
<question>div. in d. aeq.</question>  
<answer>divide in doses aequales – rozděl na stejné dávky</answer>  
</card>  
<card>  
<question>div. in p. aeq.</question>  
<answer>divide in partes aequales – rozděl na stejné části</answer>  
</card>

```
<card>
  <question>d. n.</question>
  <answer>die nocteque – ve dne i v noci</answer>
</card>
<card>
  <question>dos.</question>
  <answer>dosis – dávka</answer>
</card>
<card>
  <question>dpl.</question>
  <answer>duplum – dvojnásobek</answer>
</card>
<card>
  <question>d. s.</question>
  <answer>da signa – vydej a označ</answer>
</card>
<card>
  <question>d. s. s. v.</question>
  <answer>detur sub signo veneni – budiž vydáz z označením 'jed'</answer>
</card>
<card>
  <question>dulc.</question>
  <answer>dulcis – sladký</answer>
</card>
<card>
  <question>dup.</question>
  <answer>duplum, duplex – dvojnásobek, dvojité (dvojnásobný)</answer>
</card>
<card>
  <question>dur.</question>
  <answer>durus – tvrdý</answer>
</card>
<card>
  <question>d. t. d.</question>
  <answer>dentur tales doses – budiž dáno takových dávek</answer>
</card>
<card>
  <question>d. u. s.</question>
  <answer>datum ut supra – datum, jak je nahoře (uvedené nahoře – jak je shora uvedeno)</answer>
</card>
<card>
  <question>dx.</question>
  <answer>dexter – pravý</answer>
</card>
<card>
  <question>el.</question>
  <answer>elue, electus – vymyj (promyj), vybraný</answer>
</card>
<card>
  <question>elect.</question>
  <answer>electus, electuraum – vybraný, lektvar</answer>
</card>
<card>
  <question>electiss.</question>
  <answer>electissimus – zvlášť vybraný</answer>
</card>
<card>
  <question>em., emul.</question>
  <answer>emulsio – emulze</answer>
</card>
<card>
  <question>emet.</question>
  <answer>emeticum – dávidlo</answer>
</card>
<card>
  <question>emp., empl.</question>
  <answer>emplastrum – náplast</answer>
</card>
<card>
  <question>enem.</question>
  <answer>enema – klyzma</answer>
</card>
<card>
  <question>epist.</question>
  <answer>epistomium – zátko</answer>
</card>
<card>
  <question>exact.</question>
  <answer>exacte – důkladně, přesně</answer>
</card>
<card>
  <question>exh.</question>
  <answer>exhibeatur – budiž vyhotoven</answer>
</card>
<card>
  <question>exhib.</question>
  <answer>exhibeatur – budiž vyhotoven</answer>
</card>
<card>
  <question>exp. noct.</question>
  <answer>expeditio nocturna – vydání léku v noci</answer>
</card>
<card>
  <question>exp. simpl.</question>
  <answer>expeditio simplex – prostá úprava</answer>
</card>
<card>
  <question>ext.</question>
  <answer>extende, extensus, externus – natři, natřený, zevní</answer>
</card>
<card>
```

```
<question>extr.</question>
<answer>extractum – extrakt (výtažek)</answer>
</card>
<card>
