Sternocleidomastoideus.png (536 × 568 pixels, file size: 197 KB, MIME type: image/png)

[Open in Media Viewer](#)

This file is from Wikimedia Commons and may be used by other projects. The description on its file description page there is shown below.

**Popis kartický** Sternocleidomastoideus

## Summary

<b>Description</b>	<b>English:</b> sternocleidomastoideus muscle
<b>Source</b>	Image:Gray385.png
<b>Author</b>	Image:Gray385.png modified by Uwe Gille
<b>Other versions</b>	Image:Gray385.png

## Licensing

*This media file is in the **public domain** in the United States. This applies to U.S. works where the copyright has expired, often because its first publication occurred prior to January 1, 1929, and if not then due to lack of notice or renewal. See this page for further explanation.*

Public domain

This image might not be in the public domain outside of the United States; this especially applies in the countries and areas that do not apply the rule of the shorter term for US works, such as Canada, Mainland China (not Hong Kong or Macao), Germany, Mexico, and Switzerland. The creator and year of publication are essential information and must be provided. See Wikipedia:Public domain and Wikipedia:Copyrights for more details.

## File history
