> This *chemical* image could be re-created **using vector graphics as an SVG file**. This has several advantages; see Commons:Media for cleanup for more information. If an SVG form of this image is available, please upload it and afterwards replace this template with {{vector version available|*new image name*}}.
>
> It is recommended to name the SVG file "Alpha-D-glucose Haworth formula.svg"—then the template Vector version available (or Vva) does not need the *new image name* parameter.
